

# Bluejay Diagnostics, Inc. Reports Third Quarter 2022 Financial Results

#### November 9, 2022

ACTON, Mass., Nov. 09, 2022 (GLOBE NEWSWIRE) -- Bluejay Diagnostics, Inc. (NASDAQ: BJDX) ("Bluejay" or the "Company"), a clinical-stage medical diagnostics company developing rapid, near-patient tests using whole blood on its Symphony platform to improve patient outcomes in critical care settings, today reported its financial results for the quarter and nine months ended September 30, 2022.

"The last quarter focused on increasing awareness of Bluejay's Symphony IL-6 test by directly engaging the medical community to build a network of champions that will direct product development and drive initial commercialization," said Neil Dey, CEO. "In August, Bluejay held a KOL event with clinicians in emergency and critical care who shared their perspectives on Symphony's potential to guide patient care and acute intervention through monitoring of quantitative IL-6 measurements on a simple, reliable, efficient platform."

"During July, the Company published positive clinical results for its Symphony IL-6 test presented at AACC, which demonstrated 98% NPV to identify COVID-19 patients at risk for severe illness," continued Dey. "We are also currently expanding our clinical program, adding additional test sites in support of the Company's planned De Novo marketing application with the FDA for our Symphony IL-6 test, with an anticipated submission during the first half of 2023."

#### Financial Results for the Three and Nine Months Ended September 30, 2022

*Cash and cash equivalents.* Cash and cash equivalents on September 30, 2022 were \$13.3 million, as compared to \$19.0 million on December 31, 2021. The Company has maintained a slow cash burn during its FDA submission process and currently expects that its cash position will be sufficient to fund operations for the next 12 months.

**Revenue and Gross Profit.** Revenue and gross profit increased approximately \$250,000 and \$49,000 respectively, for the nine month periods ended September 30, 2022, as compared to the same period in 2021. We recognized a small, non-recurring sale to a foreign development partner in the second quarter of 2022, which it does not consider an entry to the market or indicative of expected margins. As expected, there were no sales in the third quarter.

**Research and Development.** Research and development expenses for the three and nine months ended September 30, 2022 were \$1.4 million and \$2.8 million, respectively, as compared to \$443,000 and \$693,000, respectively, for the comparable periods in 2021. The increase in research and development expenses was due to the expansion of our clinical program and supporting scale-up manufacturing of the Symphony technology platform and IL-6 test.

**General and Administrative.** General and administrative expenses for the three and nine months ended September 2022 were \$1.3 million and \$3.8 million, respectively, as compared to \$445,000 and \$975,000, respectively, for the comparable periods in 2021. The increase in general and administrative expenses reflects our investment in scalable infrastructure, as well as expenses to support public company operations due to the completion of our initial public offering in November 2021.

**Sales and Marketing.** Sales and marketing expenses for the three and nine months ended September 30, 2022 were \$146,000 and \$281,000, respectively, as compared to \$70,000 and \$190,000, respectively, for the comparable periods in 2021. While these expenses have been limited to date, we expect to increase these efforts when appropriate to support its commercial growth.

*Net loss/Net loss per share.* The net loss for the three and nine months ended September 30, 2022 was \$3.0 million and \$6.9 million, or \$0.15 and \$0.34 per share, respectively, compared to \$1.2 million and \$2.0 million, or \$0.11 and \$0.32 per share, respectively, for the comparable periods in 2021.

# About the Symphony<sup>TM</sup> System:

Bluejay's Symphony System (the "Symphony System") is designed to address the need for simple, reliable, rapid, near-patient testing by providing quantitative measurements of specific biomarkers to determine the need for additional patient care and monitoring. The user-friendly Symphony System does not require any sample preparation or dedicated staff and has been shown in published clinical studies to deliver results in approximately 20 minutes.

The Symphony IL-6 Test is a development stage product candidate for investigational use only. It is limited by United States law to investigational use.

#### About Bluejay Diagnostics:

Bluejay Diagnostics, Inc. is a medical diagnostics company focused on improving patient outcomes using its Symphony System, a cost-effective, rapid, near-patient testing system for triage and monitoring of disease progression. Bluejay's first product candidate, an IL-6 Test for sepsis triage, is designed to provide accurate, reliable results in approximately 20 minutes from 'sample-to-result' to help medical professionals make earlier and better triage/treatment decisions. More information is available at <a href="https://www.bluejaydx.com">www.bluejaydx.com</a>.

## Forward-Looking Statements:

This press release contains statements that the Company believes are "forward-looking statements" within the meaning of the Private Litigation Reform Act. Forward-looking statements in this press release include, without limitation, the ability of the Company to submit a marketing application with the FDA in the fourth quarter of 2022, whether the Company's cash position will be sufficient to fund operations beyond the date of its anticipated regulatory approval and initial commercialization of the Symphony IL-6 Test, and whether such anticipated regulatory approval will actually occur. Forward-looking statements may be identified by words such as "anticipates," "believes," "estimates," "expects," "intends," "may," "plans," "projects,"

"seeks," "should," "suggest", "will," and similar expressions. The Company has based these forward-looking statements on its current expectations and projections about future events, nevertheless, actual results or events could differ materially from the plans, intentions and expectations disclosed in, or implied by, the forward-looking statements the Company makes. These statements are only predictions and involve known and unknown risks, uncertainties, and other factors, including those discussed under item 1A. "Risk Factors" in our most recently filed Form 10-K filed with the Securities and Exchange Commission, as updated by the Company's subsequent Quarterly Reports on Form 10-Q. You should not place undue reliance on these forward-looking statements, as they are subject to risks and uncertainties, and actual results and performance in future periods may be materially different from any future results or performance suggested by the forward-looking statements, whether as a result of new information, future events, or otherwise. The Company expressly disclaims any obligation to update or revise any forward-looking statements found herein to reflect any future changes in the Company's expectations of results or any future change in events.
